ConnectedSuite

OFFER AND SUBSCRIPTION TERMS · LENDING CONSOLE, STARTUP EDITION

Startup Lender Programme

A newly licensed lender should not have to choose between professional infrastructure and its runway. The Startup edition is the full Lending Console for KES 20,000 a month, live in days, with room to add the rest of the estate as the book grows.

For	Provider	Form	Price
New and small licensed lenders	**BirgenAI Hub Limited**	**TC-SLP v2.0 · 27 Oct 2026**	**KES 20,000 / month**

Offer document with order form. Signing the order form forms a subscription on these terms and the ConnectedSuite Price Book v2.0. Replaces TC-SLP v1.0 of 20 October 2026.

ConnectedSuite is developed and owned by BirgenAI Hub Limited, founded by Emmanuel Birgen, and distributed by Techcrast Software Solutions Limited.

01 The offer

MONTHLY

KES 20,000

Instead of 30,000 for Premium. No per-loan or per-borrower charges.

ONBOARDING

KES 25,000

One-time, half the standard fee: set-up, product and workflow configuration, training.

COMMITMENT

Monthly

Month to month, 30 days' notice. Move to Premium when you outgrow it.

ConnectedSuite is developed and provided by BirgenAI Hub, and packaged and sold under Techcrast's umbrella. Your subscription is with BirgenAI Hub, which invoices it. Techcrast is your relationship contact.

What the Startup edition includes

- **The loan book end to end:** borrowers, KYC verification, products, charges, workflows and approvals, disbursement and float, repayments and reconciliation, collections and promises to pay.
- **Credit decisions:** real-time credit scoring, the M-PESA statement cruncher, the document parser and identity verification within monthly allowances, and CRB orchestration with bureau reports at the Interchange API Rate Card.
- **Riri**, the console's assistant, for analysis and help, and the field officer **route planner**.
- Up to **40 staff seats**, your own branded sign-in door and installable app, SMS reminders and campaigns, and the standard dashboards (Overview, Collections, Finance, Risk).
- Hosting in Nairobi, daily backups, security updates and support Monday–Saturday.

INCLUDED EVERY MONTH	UNITS	BEYOND, KES EACH
Credit scores	3,000	10
Statements crunched	1,500	5
Documents parsed	800	5
Identity verifications	400	40
Riri questions	2,000	3
SMS	2,000	prepaid bundles
Bureau (CRB) reports	none included	Rate Card, e.g. Credit Info 170

02 Who qualifies

A lender qualifies for the Startup edition when all three hold:

1. It is licensed or registered to lend in Kenya (a CBK digital credit provider, a microfinance institution, a SACCO or equivalent), or has applied for that licence and shows us the application.
2. It has been lending for less than 24 months, **or** it holds fewer than 2,000 active loans.
3. The Lending Console is its main system.

When a lender passes both the 24-month mark and 2,000 active loans, it moves to the Premium edition (KES 30,000) at its next billing month after 60 days' written notice. Nothing is migrated or re-installed: the edition is a setting, and the book stays where it is.

03 Growing into the estate

A Startup lender can add any other system at its list price, and the multi-system discount applies from the second system. Each new system is piloted first at no charge and billed from the month after you accept it. For example:

PACKAGE	LIST	DISCOUNT	MONTHLY
Console (Startup) alone	20,000	—	**20,000**
Console (Startup) + CallBox	35,000	10%	**31,500**
Console (Startup) + Customer Portal + Analytics	37,500	15%	**31,875**
Console (Startup) + CallBox + PeopleHub HR	60,000	15%	**51,000**

A Startup lender may also apply to join the Interchange as a contributing member. That brings its book into the exchange and live exposure checks into every decision, with membership waived while it contributes.

04 Going live

1. **Order form signed** and the onboarding fee paid to BirgenAI Hub, by M-PESA from Billing or to Buy Goods Till 5620596 (BIRGENAI HUB).
2. **Organisation set up**: your company profile, logo and colours, branches, roles and your first administrator. You receive your own sign-in door at `lms.servicesuitecloud.com/<your-name>`.
3. **Products, charges and workflows** configured with you, M-PESA integration keys stored in your encrypted vault, and your SMS sender set.
4. **Training** for administrators, loan officers and collections staff (half a day each), and the ConnectedSuite User Guide.
5. **First loan** disbursed from the console. Your first invoice is issued on the first day of your first full calendar month.

05 Subscription terms

1. **Grant.** BirgenAI Hub grants the Subscriber a non-exclusive, non-transferable right to use the Lending Console (Startup edition), and any systems added by order, for its own lending business in Kenya, for as long as the subscription runs.
2. **Fees and invoices.** As on the order form and the Price Book. BirgenAI Hub invoices on the first day of each month: the month's subscription in advance and the previous month's usage in arrears, due within 14 days. Pay by M-PESA from Billing in the app launcher, or to Buy Goods Till 5620596, account name BIRGENAI HUB. Fees exclude VAT where VAT applies. If the Subscriber also takes Techcrast's own services, such as ServiceSuite, Techcrast invoices those separately, payable to M-PESA Paybill 303030, account 2044699985.

3. **Non-payment.** Fourteen days after an invoice is issued and unpaid, metered services pause until payment. Access to the loan book, repayments, collections and the Subscriber's data never stops for non-payment.
4. **Data.** The Subscriber owns its data and is its controller, and BirgenAI Hub processes it as processor under the Data Protection Act, 2019. BirgenAI Hub may use anonymised, aggregated statistics to operate and improve the platform. On exit the Subscriber receives a full export within 30 days.
5. **Ownership.** BirgenAI Hub owns the platform and every improvement to it. No equity or ownership interest is conferred.
6. **Liability.** Lending decisions are the Subscriber's own. Neither party is liable for indirect loss. Each party's liability is capped at the fees paid in the previous 12 months, except for fraud, data-protection or confidentiality breaches, and unpaid fees.
7. **Term.** Month to month. Either party may end it with 30 days' written notice.
8. **Law and disputes.** Kenyan law. Disputes go first to the chief executives, then to arbitration in Nairobi under the Arbitration Act, 1995.
